Education Committee

Lead: Sharon Natzel (Long Lake)

Committee Members:

- Christina Hill (Hinds Lake) with a focus on education of children
- Andrea Dutcher (Lake Belle Taine) with a focus on aquatic vegetation identification and sampling / monitoring of aquatic vegetation near-shore and including out to 10 to 12 feet deep
- Shoreland Advisors (SA) are part of the Education Team:

Goal: SA candidate volunteers for each lake association! We will coach / train SA volunteers too!

Fish Hook: Jan Rumpza

Kabekona: Sue Schiess, Ingrid Bey & Sarah Steil

Long: Keith Manlove, Kari Christen Richards, & Sharon Natzel

Spider: Rose Lawler

*SA's are willing to assist lakeshore property owners on the lakes they live on (& some SA's are comfortable to coach for other Hubbard County lakes too) by providing coaching on methods to slow runoff from lakeshore, promote rain filtration, reduce excess phosphorous & erosion to help preserve water quality. Lake Association presentations available also by SAs with UMN Extension "Master Gardener" experience. Interested lake associations and individual lakeshore owners would **email hccolamn@gmail.com** for this complimentary service by HC COLA SA's that have availability at that point in time.*

Lake Water Monitoring Program

Lead: Peter Tuomisto (Blue Lake)

Plus Members of Each **Lake Association** Who Sample Water / Monitor Their Lakes

Note: We are Seeking "Backup" Volunteer Shuttle Driver(s) w/ truck or enclosed trailer for transporting approx. 40 coolers to/from RMB once per month (May – Sept)

Aquatic Invasive Species (AIS) Operating Team:

- Lead: Gene Hanson (Emma-Stocking-Bottle)
- Other Members: Ken Grob (Potato), Sharon Natzel (Long), Ingrid Bey (Kabekona), Jon Dennis (Spider Lake), David Nelson (Sustaining Member), Dan Kittilson (Sustaining Member)
- AIS Prevention Coordinators for each lake association who do near-shore monitoring, sampling of aquatic vegetation for early detection of AIS
- To enable strong, positive, working relationships for effective AIS prevention & management programs, this team partners with:
 - the Hubbard County Environmental Services Department, Environmental Specialist who handles the AIS Prevention Program and also the Assistant Director of ESD
 - the MN DNR, HC SWCD, & Other AIS Prevention Partners
 - Plus presentations / training on AIS Prevention / Identification & Shoreline Aquatic Vegetation Monitoring are available for Lake Associations (email hccolamn@gmail.com)
