"Restore the Shore" Program
2016-17

September, 2016

Dear HCOLA and Lake Association Member,

Attached is the Order Form for Trees and Shrubs through HCOLA's "Restore the Shore" program for 2017 delivery.

- Please order a minimum of 5 plants of a kind. Prices quoted on order form are per bundle of 5.
- Make checks payable to YOUR Lake Association.
- Give your order and payment to YOUR Lake Association's "Restore the Shore" Representative or President.
- Orders for 2017 delivery are due November 1, 2016. Please get your order in early.
- Trees and shrubs will be ready for pick-up around the first week of May, 2017. Date is weather dependent. You will be contacted when the trees will be ready for pick-up.

Please consider planting more appropriate trees and shrubs in the lakeshore buffer zone on your property. This will help to stave off the runoff of pollutants into your lake and prevent lakeshore erosion.

Thank you for your interest and order in advance.

Theora Goodrich
